RUSSIAN FRONT RAKED WITH IAPANESE SHELLS

LIAOYANG, Aug. 30.—From about 5 o'clock this morning up o'clock there has been an incessant shower of shrapnel.

The heaviest cannonading is coming from the southeast, where the Deadly shells are bursting everywhere, their white smoke being dis-

traceable against the dark foliage on the mountain sides. The Japanese are searching the whole countryside with their fire.

They then pass to aner square, thus working the whole field with mathematical precision, right to left. In this way the entire Russian front has been systematially search in the first four hours of the cannonading. Then commenced he general Japanese advance along the whole line.

At this hour, 10 A. M., the Japanese artillery fire has somewhat ened, but their infantry is steadily pushing forward.

The Russians have been holding their ground gallantly and their ses are small, considering the terrible nature of the Japanese fire.

KUROPATKIN GRIMLY TAKES JAP CHALLENGE.

ST. PETERSBURG, Aug. 30 .- 2.32 P. M.-The long-expected battle at oyang has begun and the two armies are now fighting what probably all prove to be the decisive battle of the campaign. The Japanese armies are attacking Gen. Kuropatkin's forces upon his chosen ground, and his ds and admirers here are confident that having accepted a general ment; he will defeat the Japanese.

In a brief telegram received this morning Kuropatkin says the general advance of the Japanese began yesterday at noon, the Russian outposts falling back upon the main lines. The heaviest lighting was taking place, when his despatch was sent, from a point ten miles southeast of Liaoyang, re the Japanese seemed to be concentrating tor their main blow. The sians suffered orincipally from the shrapnel fire of the Japanese artillery. The Japanese selected the Mikado's birthday for the decisive battle, and

Gilman, the telegram from Kuropatkin which gives this information, together with the is of the retirement of the Russian troops upon Liaoyang, have not given out for strategic reasons. The combined armies of Gens. Kuth. Okn and Nodzu probably exceed 200,000 men. Their forces are con-erably superfor in numbers to Gen. Kuropatkin's, but the Russian commander-in-chief probably relies upon the strength and character of his po-attion to overcome the disparity in numbers.

The War Office is waiting with breathless anxiety for news of the prog-

ress and issue of the battle or which so much depends.

LAST ROUND IN

Voting Began in All the Districts at 2 o'Clock, but Polls Will Not Close Until 9 o'Clock To-

city at 2 o'clock this afternoon. of the vote will be poiled to-night between 6 o'clock and the close of the polls, at 9 o'clock.

Tammany leadership is contested by aspirants for a place in the Tammany Executive Committee in the First. Seventeenth, Twenty-sixtn, Thirtieth, Thirty-first and Thirty-fourth Assembly Districts in this borough, while Patrick H. Me-Carren's men have fights in all the Brooklyn districts.

The present Tammany leaders say the fights against them will result as suca ights generally do-in the defeat of the ontestants. In Brooklyn McCarren is claiming every district, while Deputy Pire Commissioner Doyle, the Tammany cutenant, says that he will elect load. rs in from six to nine districts. The vorkers for the rival candidates are well worked up in both boroughs, and there will probably be warm times around the polling places before the entes are finally counted to-night. The fight between John F. Cowan, Tammany leeder, and Percival E. Nagle,

former leader in the Thirty-fourth Assembly District, south side, is very warm. Extra police have been called this district, which is the extreme northern end of Manhattan on the east side, and promiser of trouble were heard frequently.

were heard frequently.

Two arrests for alleged filegal voting were made during the afternoon in that district. Thomas Hartigan, of No. 129 East One Hundred and Twentieth street, caused the arrest of Michael J. Roach, twenty-nine years old, a Cowan man, for voting after he had moved from No. 122 East One Hundred and Tewnty-first street to No. 118 East One Hundred and Tewnty-first street to No. 118 East One Hundred and Twentieth street.

Thomas Honnin, private secretary to Deputy Police Commissioner Lindsley, and a Cowan worker, appeared for Roach in the Harlem Police Court and showed that he had remained in the same election district in spite of his moving from one place to another.

Magistrate Crane discharged Roach and afterawrd commented on the appearance of Mr. Bonnin in a primary fight. He said he thought a salaried official of the Police Department ought to keep out of such things.

aPirick Kenney, an adherent of Harry Hart, was arrested on the compiaint of Burrell men for voting after he had moved from No. 1720 Second avenue to Eighty-second street. Kenney showed that his removal had not taken him out of the Election District and was promptly discharged by Magistrate Crane.

Quiet in the Seventeenth.

In the Seventeenth Assembly District, where John F. Curry is attempting to defeat Daniel F. McMahon, the Democratic leader, who has had the leadership for seventeen years, the voting went on quietly. Mr. Curry and his followers are making the fight against McMahon on the ground that the leader has devoted more time to perfecting contracts in a contracting firm he is interested in than attending to the welfare of his district.

The leader was about the district in a carriage during the afternoon, driving from one polling place to the next.

"We will win by at least three to one," he said. "My men are at the polls and are watching for my interests."

DOUGLAS MAKING HOT FIGHT ON OUIGG.

The primary fight in the Ninteenth Assembly District opened promptly on lime this afternoon, with the workers on both sides promising victory. In present leader, is fighting with William H. Douglas, the only Republican Congressman from Manhattan. The reason that the Douglas followers are son that the Douglas followers are fighting Gilman is on the charge that Lemuel E. Quigg is the real leader of the district, and that Gilman is practically a lieutenant.
